

Complete Solutions for Permitting and Ongoing Compliance

Obtaining an air permit is always on the critical path for capital construction projects for manufacturing facilities. After obtaining a permit, compliance with a wide variety of complex and ever-changing air quality rules is a challenging aspect of environmental management. Whether developing a permitting strategy, performing air quality compliance audits, preparing air monitoring and compliance reports, selecting pollution control equipment, or performing ambient air quality analyses, EnSafe staff are skilled at providing cost-effective solutions in a timely manner. We work to preserve operational flexibility, ensure ongoing compliance, and bring value to your business.

creative thinking. custom solutions.

DEVELOPING PERMITTING STRATEGIES

- Minor NSR Permitting
- PSD Review and Permitting
- Nonattainment Permitting

TITLE V PERMITTING

- Regulatory Applicability Analysis
- Title V Permit Applications
- Title V Compliance Plans
- Compliance Assurance Monitoring (CAM) Plans
- Periodic Monitoring Plans

CONTROL TECHNOLOGY EVALUATIONS

- BACT Analysis
- LAER Analysis
- RACT Support
- MACT Implementations & Audits

AIR QUALITY DISPERSION MODELING ANALYSES

- PSD Modeling
- NAAQS Modeling
- Visibility Analysis
- State-Specific Air Toxics Analysis
- Accidental Release Modeling

AIR QUALITY COMPLIANCE AUDITS

- LDAR Programs
- Emissions Test Planning & Management
- NSPS/NESHAP/MACT Compliance Programs

RISK MANAGEMENT PLANS

- Applicability Determinations & Hazards Assessment
- Offsite Consequence Analysis
- Prevention Programs
- Public Relations & Community Awareness Programs

ADDITIONAL SERVICES

- Air Quality Compliance Services
- Ambient Air Monitoring
- Regulatory Policy Guidance
- Greenhouse Gas Inventories & Reporting
- Annual Emissions Inventories
- Expert Testimony / Expert Report
- Fenceline Monitoring
- USEPA Negotiation
- Indoor Air Quality Assessments

- Specialized air quality professionals
- Strong regulatory knowledge base
- Specific experience in diverse industries & most states

Technical Expertise

- Regulatory negotiation expertise
- Litigation support expertise
- Professional certifications, including Method 9 visible emission evaluators

Industries Served

- Aerospace
- Automobile Manufacturing
- Chemical Manufacturing
- Electric Utilities
- Food & Kindred Products
- General Manufacturing
- Mining & Mineral Processing
- Oil & Gas Processing
- Petroleum Refining
- Primary & Secondary Metals
- U.S. Armed Forces
- Landfills
